

Lutheran Academy of the Master Uniform Policy 2008-2009

The philosophy behind having a uniform is to look the same, to be one body of students working and learning together. All students are required to wear **only approved uniform options** to school. If it isn't on this list, it is *not* to be worn. **Thank you ahead of time, to all of you who purchase from Spokane Uniform House SUH (Dennis Brand), especially when using scrip. These items will be logoed as applicable when you receive them.** Sears carries some acceptable options through their T.K.S brand. T.K.S items will need to be logoed thru the school office and are not acceptable for our used uniform sale. If you need to order online you may, but be sure to only order the items we have approved. Be sure to LABEL all uniform items that the kids “shed” throughout the day. Pre-kindergarteners through fifth graders will wear the required uniform on chapel day (Thursdays) – this includes bridge class. Lamb preschoolers do not attend chapel so those items listed as required are *optional*, but these students must also be in uniform each day.
